

Medicaid Fraud is illegal.

Medicaid Provider Fraud is:

- Billing for medical services not performed
- Providing unnecessary services
- Billing more than once for the same service
- Dispensing generic drugs but billing for brand-name drugs
- Falsifying cost reports
- Giving or accepting kickbacks (something of value such as cash, or gifts in return for services)

Medicaid Beneficiary Fraud is:

- Lying about eligibility
- Lying about medical conditions
- Forging prescriptions
- Loaning Medicaid card to others
